Q01. Regarding actual expenditures for 2020:

The figure below shows TBC's actual and projected ("plan") WMP expenditures as reported in 2021 and 2022. According to TBC's 2021 WMP Update, its 2020 actual expenditures were \$11,322 (in thousand dollars). According to TBC's 2022 WMP Update, its 2020 actual expenditures were \$6,762 (in thousand dollars). This indicates there was a 40% drop in actual expenditures between 2021 and 2022.

- a. What were the actual expenditures for TBC's WMP in 2020?'
- b. What is the reason for the discrepancy in this number as it was reported in 2021 and 2022?
